## Country Conditions for Mailing

### Prohibitions (130)

Coins; banknotes; currency notes; securities payable to bearer; traveler's checks; manufactured and unmanufactured platinum, gold, and silver; precious stones; jewelry; and other valuable articles.

Many types of goods are prohibited or subject to an import license; therefore, the sender should ascertain from the addressee before mailing whether the contents are permitted and whether the necessary documents are held.

Perishable infectious biological substances.

Perishable noninfectious biological substances.

Radioactive materials.

### Restrictions

New and used clothing is permitted when mailed as unaccompanied baggage. The words "Equipaje no acompañado" and the owner's passport number must be shown on the address label and the accompanying documents. Used clothing must have a certificate of disinfection enclosed.

### Observations

1. Letter-post items may not contain dutiable articles.
2. Books and other printed matter, if valued over \$20, require consular invoices, and the addressees must obtain import licenses.
3. A commercial invoice, numbered, certified and signed by the sender, must accompany each package containing books and periodicals of a commercial nature. In addition, the value of each item, the number of packages comprising the shipment, and gross weight must be shown on the invoice. One copy of the invoice should be sent to the post office of destination. A note must be made on each package of the number of books contained therein, its weight and the total number of packages comprising the shipment.
4. Packages must be addressed directly to the addressee, as the Colombian regulations do not permit customs entry to be effected by anyone except the addressee or an authorized representative.
5. Each shipment valued at \$20 or less requires two copies of the sender's commercial invoice, one of which must be enclosed in the parcel and the other sent under separate cover to the addressee. Consular legalization is not needed but the invoice must include a declaration of origin of the merchandise, in Spanish, reading as follows:  
 "Certificamos bajo juramento que los precios de esta factura son los mismos que cargamos al cliente y que la mercancía a que se refiere esta misma factura es originaria de (Country of Origin). En fe de lo expuesto firmamos la presente declaración en (City, State) (Day) de (Month) de (Year) (Signature of shipper)".  
 (Translation: We certify under oath that the prices in this invoice are the same that we charge our customers, and that the merchandise in this same invoice comes from (Country of origin). In faith of which we sign the present declaration at (City, State), on (Date).
6. For shipments valued over \$20, the sender must have a copy of his or her commercial invoice legalized by a Colombian Consulate, and must prepare 4 copies of a consular invoice, one of which must be sent direct to the addressee with the legalized commercial invoice.
7. The addressees in Colombia are required in most cases to obtain import licenses in order to secure delivery of shipments. For shipments exceeding \$20 in value the addressee is required to send a copy of the import license to the sender, who must submit it to the Colombian Consul when obtaining the consular invoice. If a sender receives a

copy of a Colombian import license for a parcel whose value does not exceed \$20, he or she must return it to the addressee in Colombia.

8. Consular invoice forms may be obtained and commercial invoices legalized at Colombian Consulates, which are located in principal cities of the United States.

Radioactive materials.

### Restrictions

Coins; paper money; securities and other paper values of any kind; as well as savings-bank booklets; and unmanufactured gold, silver, and platinum may be imported only by authorization of the State Bank.  
Gift shipments must be sent by private individuals. Those sent by commercial firms are not admitted.  
Import permits are required for gift shipments exceeding three per year for one addressee, or for any shipment exceeding 3,000 Czech Republic crowns in value. Permits may be issued to addressees or withheld at the discretion of the customs authorities after the shipment arrives.  
Medicines are admitted provided the addressee is in possession of an import permit granted by the Czech Republic health authorities.  
Philatelic articles and stamps exchanged between member philatelists must not exceed 1,000 Czech Republic crowns in any calendar year. Gift packages containing philatelic articles are restricted to 3 per year and the shipment cannot exceed a total of 100 stamps or philatelic articles and 100 Czech Republic crowns in value.

1. Import licenses and quantity restrictions are applicable for many articles sent to the Czech Republic. Therefore, senders should ascertain from the addressee before mailing whether the contents are permitted and whether the necessary documents are held.
2. Gift shipments for the personal use of the addressee or the addressee's family do not require an import permit if the contents do not exceed 5,000 Czech Republic crowns. When the total exceeds 2,000 Czech Republic crowns, the addressee must provide a gift certificate authenticated by an authorized agent in that country. Czech Republic customs decides the value of the contents on the basis of internal prices of identical articles.
